### PRINTABLE AREA

This model of shoe can be customized through the use of images, photos and color blendings. This peculiar feature is possible thanks to our own technology "OMP Printart".

The customizable area is shown in grey in the picture.

For the best result, please follow scrupulously the following instructions.

1) All logos must be forwarded in vectorial format (.ai/.eps/.pdf); also the texts, if present, must be included in the file and converted in curves.

2) All colours of the grey area needs to be specified strictly with a pantone code.

Please find here the link <https://www.pantone.com/color-finder>.

Particular effects given by the designers, like shades or transparencies, cannot be realised and granted on the final overall as shown on the screen.
